To: All Parties to EB-2017-0049

**Re: Hydro One Networks Inc.
Application for Rates
Board File Number EB-2017-0049**

In its Decision on Confidentiality and Procedural Order No. 6, issued on May 18, 2018, the OEB noted that the EB-2015-0304 *Report of the Ontario Energy Board: Wireline Pole Attachment Charges* (the pole attachment report) had been issued on March 22, 2018. The OEB invited submissions by Hydro One Networks Inc. (Hydro One), Rogers Communications Canada Inc. (Rogers) and other parties on how the OEB might move forward on the matter of pole attachment issues in this proceeding in light of the issuance of the pole attachment report.

Comments were received on May 28, 2018 from Hydro One, and from Rogers on its own behalf and on behalf of a group of other companies (collectively, the carriers), as well as from other parties and OEB staff.

The OEB is considering these submissions, and will provide further direction in this regard at a later date. At this time, however, the OEB is notifying the parties that it is not incorporating issues related to the proposed pole attachment charges into the oral hearing schedule for this proceeding. The OEB trusts that this will be of assistance to the parties in preparing for the oral hearing commencing on Monday, June 11, 2018.

Yours truly,

Original Signed by

Kirsten Walli
Board Secretary
