Union Gas Limited has applied to the Ontario Energy Board for an order granting Union Gas Limited a certificate of public convenience and necessity to construct works to supply natural gas in the unincorporated/unsurveyed Kenora District.

THE ONTARIO ENERGY BOARD IS HOLDING A PUBLIC HEARING

The Ontario Energy Board (OEB) will hold a public hearing to consider Union Gas' requests. At the end of this hearing, the OEB will decide whether to grant Union Gas' requests.

The OEB is an independent and impartial public agency. We make decisions that serve the public interest. Our goal is to promote a financially viable and efficient energy sector that provides you with reliable energy services at a reasonable cost.

CERTIFICATES OF PUBLIC CONVENIENCE AND NECESSITY

In order to distribute natural gas in Ontario, a person must comply with the requirements of the *Municipal Franchises Act*. This Act requires that a person that intends to distribute natural gas within a municipality must first receive approval from the OEB, in the form of a certificate of public convenience and necessity. Where the OEB has issued a certificate for an area but there is currently no natural gas distribution service, another person can apply for a certificate to serve that area. The OEB also regulates the distribution of natural gas within unincorporated townships and unorganized areas in the same manner.

With respect to the unincorporated/unsurveyed Kenora District, facilities were put in place prior to Union Gas requesting and receiving approval from the OEB in the form of a certificate. This application addresses this situation.
