Re: Independent Electricity System Operator (IESO) 2018 Fees Application  
Board File No. EB-2018-0143

Dear Ms. Walli:

I am writing pursuant to the Board's Notice regarding the above proceeding to request intervenor status.

#### **AMPCO's Interest**

AMPCO is a not-for-profit consumer interest advocacy organization. AMPCO's members represent Ontario's major industries: forestry, chemical, mining and minerals, steel, petroleum products, cement, automotive and manufacturing and business consumers in general. AMPCO members are major investors, major employers and a major part of communities in which we operate, across Ontario.

AMPCO and its member companies are well known to the Board. AMPCO participates in many proceedings, working groups, consultations and initiatives of the Ontario Energy Board in which matters relevant to Ontario's large electricity consumers are being addressed. AMPCO has previously been approved as an intervenor by the Board in numerous IESO and OPA proceedings and was an intervenor in the first application of the merged IESO/OPA entities, EB-2015-0275 and the recent 2017 IESO Fees Application, EB-2017-0150.

In this application, the IESO seeks approval of its 2018 revenue requirement, expenditures and fees. In addition to these issues, AMPCO's interest in the applications relates to the advancement of the Market Renewal Program and overall compliance with the terms of the EB-2017-0150 Settlement Proposal.

We respectfully request that the Board please confirm AMPCO's eligibility for an award of costs in this matter. AMPCO has been granted intervenor cost awards in other OEB proceedings.
