Dear Ms. Walli:

**Re: EB-2017-0319 Enbridge Gas Distribution Inc. (“Enbridge”)
RNG Enabling Program and Geothermal Energy Service Program
Notice of Motion re Intervention Request**

In light of Enbridge’s request to put the geothermal portion of this proceeding on hold, the Ontario Geothermal Association (“OGA”) will not be asking questions at the technical conference. Should that portion of the proceeding be restarted, the OGA requests that a technical conference be held so that intervenors will then have an opportunity to ask questions regarding the proposed geothermal program.

Please do not hesitate to contact me if anything further is required.

Yours truly,

Kent Elson
