Dear Mr. Denomy:

**Re: Enbridge Gas Distribution Inc.
Application for Renewable Natural Gas Enabling Program and Geothermal
Energy Service Program
OEB File Number EB-2017-0319**

The Ontario Energy Board (OEB) has received Enbridge Gas' letter dated June 26, 2018 requesting the OEB to hold the portion of the application related to the proposed Geothermal Energy Service Program in abeyance at this time. Enbridge Gas is also requesting the OEB to continue to process the relief requested in relation to the proposed Renewable Natural Gas Enabling Program.

The OEB grants Enbridge Gas' requests. The Technical Conference that will be convened on June 27, 2018 will only address the proposed Renewable Natural Gas Enabling Program.

Yours truly,
