Attention: Kirsten Walli, Board Secretary

Dear Ms. Walli,

**Re: Enbridge Gas Distribution Inc. (the "Applicant")
Application for Renewable Natural Gas Enabling Program and
Geothermal Energy Service Program
OEB File Number EB-2017-0319
Notice of Withdrawal - Green Ontario Fund**

The Green Ontario Fund had requested intervenor status based on the Applicant's reference to the GreenON rebates program, which at this time is no longer being offered. Although commitments entered into on or before June 19, 2018 are being honoured (based on certain conditions being met), for the purposes of the hearing, the rebate which was part of the Applicant's Geothermal Energy Services Program is no longer being offered. As a result, the Green Ontario Fund is withdrawing from the above hearing.

Yours truly,

Lauren Sasaki
General Counsel, Green Ontario Fund
