File 18867.38675

Kirsten Walli
Board Secretary
Ontario Energy Board
Suite 2701
2300 Yonge Street
Toronto ON M4P 1E4

Dear Ms Walli:

Re: EB-2017-0182/Development Costs

I am counsel to Hydro One Networks Inc. in, among other things, the Board's consideration of whether NextBridge should be entitled to recover all or some portion of its costs for what is referred to as the extended development period.

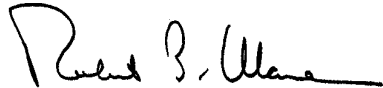

No date has been set for the filing of written argument in the matter.

I write to advise the Board that I will be out of the country, beginning on July 22, 2018 and returning on August 11, 2018. During that period it will be very difficult for me to review responses to undertakings and written argument from NextBridge. Accordingly, I ask that the Board, in scheduling the delivery of written argument in the matter, provide that written argument for the intervenors be delivered on or after August 14, 2018.

Your attention in this matter is appreciated.

Yours truly,

WeirFoulds LLP

Robert B. Warren
