YOU WILL SOON BE SERVED BY A NEW ELECTRICITY DISTRIBUTOR

Dear Valued Customer:

We are writing to let you know that you will be served by a new electricity distributor. While you are currently a customer of Milton Hydro and charged Milton Hydro distribution rates, your electricity is supplied by Alectra Utilities (formerly Enersource Hydro Mississauga). In compliance with the Ontario Energy Board's ("OEB") Distribution System Code, Milton Hydro has requested approval from the OEB to transfer your account to Alectra Utilities. Pending approval, Alectra Utilities will become your electricity distributor. This change will take place no later than November 2018.

What Does This Means To You

We are making this change to serve you better. It is more cost-effective and efficient for you to have the same distributor deliver electricity to your home or business and provide you with customer service. For example, if your power goes out, you will now be contacting Alectra Utilities – the distributor that has control over when the power will be restored. Once this transfer is complete, Alectra Utilities will be responsible for delivering your electricity, reading your smart meter, issuing your monthly bills, and providing you with quality customer service.

Alectra Utilities will ensure the delivery of electricity to your home or business is not affected in any way, due to this transfer. As a result of this transfer, the estimated decrease in your monthly electricity delivery charge is approximately \$2.75 per month.

If you have any questions or concerns please do not hesitate to contact Cameron McKenzie at Milton Hydro at 905-876-4611 or Natalie Yeates at Alectra Utilities at 905-283-4095.
