Subject: Ensqr Corp. Status update EB-2016-0380 Ontario Energy Board_ Interim Decision and Order

Hello,
As per the Interim Decision and Order the status is as follows

1. Ensqr Corp. has finalized the contract with [REDACTED] Inc. and has started billing all the new contracted tenants for their Electricity Charges on a monthly basis. The contract is for 10 years and will be abided by both companies. Currently there are 105 tenants contracted at [REDACTED] Toronto, ON out of 355 Residents.
2. Ensqr Corp. has worked with ICF to process its technical files which were processed after 2 iterations and have now become a regular event. ICF technical person has confirmed the process of the files from the past. The records which were processed from last year were returned with expired data and the residents have been asked to re-file their applications to receive their OESP support payment. A letter has been circulated in August with the 12 residents who are still customers and had applied for OESP payment; That their bill will be credited based on the approved rate from the first time that they applied of OESP in 2016. A credit of 30\$ per month has already been provided to these 12 customers. Ensqr Corp. is awaiting the new applications and new rates to

apply as a credit to these customers. A monthly update will be provided about these customers by Ensqr Corp. every month. We are now in compliance with the steps 5 and 6 of the OESP Unit Sub-metering license.

Thanks.

Yours sincerely,
Harshal Gunde
