ONTARIO ENERGY BOARD NOTICE TO CUSTOMERS OF EPCOR NATURAL GAS LIMITED PARTNERSHIP

EPCOR Natural Gas Limited Partnership has applied to raise its natural gas rates starting October 1, 2018.

Learn more. Have your say.

EPCOR Natural Gas Limited Partnership (previously known as Natural Resource Gas Limited) has applied to the Ontario Energy Board to increase its natural gas rates starting October 1, 2018. If the application is approved, a typical residential customer would pay an additional \$1.15 per month from October 1, 2018 to December 31, 2019. Other customers, including businesses, will also be affected.

The requested rate increase includes annual adjustments for the three rate years covering the period October 1, 2016 to December 31, 2019 and the impact of clearance of balances in certain accounts. The proposed annual rate adjustment is set using an Ontario Energy Board approved formula. The formula is tied to inflation and other factors intended to promote efficiency.

The application also includes a request to:

- establish a fixed monthly charge for a large industrial customer
- change the start of the rate year from October 1 to January 1. This change is proposed to take effect in 2020 with the rates proposed for October 1, 2018 to September 30, 2019 to remain in effect until December 31, 2019

THE ONTARIO ENERGY BOARD WILL HOLD A PUBLIC HEARING

The Ontario Energy Board (OEB) will hold a public hearing to consider EPCOR Natural Gas' request. We will question the company on its case for a rate change. We will also hear questions and arguments from individual customers and from groups that represent EPCOR Natural Gas' customers. At the end of this hearing, the OEB will decide what, if any, rate changes will be allowed.

The OEB is an independent and impartial public agency. We make decisions that serve the public interest. Our goal is to promote a financially viable and efficient energy sector that provides you with reliable energy services at a reasonable cost.
