

Ontario Energy Board Commission de l'énergie de l'Ontario

DECISION AND ORDER

EB-2018-0210

ADVANCED ENERGY STORAGE LP

Application for an Electricity Storage Licence

BY DELEGATION, BEFORE: Brian Hewson
Vice President,
Consumer Protection & Industry Performance

September 6, 2018

DECISION AND ORDER

Advanced Energy Storage LP (AES LP) filed an application on June 19, 2018 under section 60 of the *Ontario Energy Board Act, 1998* (OEB Act) for an electricity storage licence.

AES LP was set up in February 2018 to own and operate the Saturn Power Stratford Battery Energy Storage facility, which is expected to be in service in January 2019. The facility has a planned installed capacity of 25 MW and will be operating under a contract with the Independent Electricity System Operator (IESO).

This Decision and Order is being issued by the Delegated Authority, pursuant to Section 6 of the OEB Act. The Delegated Authority has considered the application without holding a hearing pursuant to section 6(4) of the OEB Act.

After considering the application and assessing technical capability and financial viability of the applicant, the OEB finds that it is in the public interest to grant the application and issue the electricity storage licence to Advanced Energy Storage LP.

IT IS ORDERED THAT:

1. The application is granted, on such conditions as are contained in the attached licence.

DATED at Toronto September 6, 2018

ONTARIO ENERGY BOARD
