Ontario Energy Board
P.O. Box 2319
2300 Yonge Street,
27th floor,
Toronto, ON M4P 1E4
Attention: Ms. Kirsten Walli
Board Secretary

VIA EMAIL: Registrar@oeb.ca

Dear Ms. Walli:

Regarding EB-2017-0364, Request for Intervenor Status

I represent Michipicoten First Nation ("MFN"). MFN seeks Intervenor Status in Hydro One's Lake Superior Link leave to construct application, file number EB-2017-0364.

MFN is affected by the outcome of this proceeding: a) as one of the six directly impacted First Nation communities and a member of Bamkushwada; and, b) because the applicant proposes to traverse MFN's Reserve for this project.

At a minimum, MFN would like an opportunity to ask interrogatories; and, to provide its perspective on routing and the viability of the applicant being given use and occupation rights on its Reserve.

As a party with an interest in land affected by the application, MFN would seek an award of costs.

We are now aware that the deadline for seeking intervenor status was September 4, 2018. The applicant's Notice of Hearing package was sent to MFN by registered mail on August 15, 2018. In light of administrative overload in the community, and summer vacation interruptions, MFN did not review this package, and consult with its legal and energy advisors, until September 5, 2018. Please accept our apologies for being a few days tardy in making this request.
