Re: EB-2018-0212

Dear Ms. Walli:

My apologies for the delay in sending this letter. I had been under the impression that we had advised the Board that Hydro Connection Inc. would be taking down its web site for modifications and updates.

Hydro Connection Inc. current activities in the Unit Sub-Metering sector are in support of other Unit-Submetering Companies.

We continue to discuss and look at opportunities in the unit sub-metering sector and would reactivate updated web site should we engage directly with any potential clients.

As directed in original Letter of Direction date July 13, 2018 we received there is a second hard copy attached to this letter.

Yours truly;

Paul Jemmett, President
