EMAIL AND RESS

Ms. Kirsten Walli
OEB Secretary
Ontario Energy Board
2300 Yonge Street, 27th Floor
Toronto, ON M4P 1E4

Dear Ms. Walli:

Re: EB-2017-0127 & EB-2017-0128 – DSM Mid-Term Review

We write on behalf of Union Gas Limited and Enbridge Gas Distribution Inc., further to the discussions that took place at the stakeholder session on September 5 and 6 regarding the process for final submissions.

Union and EGD request that a two-round process be adopted such that submissions by both utilities, Board Staff and interested parties would be made on September 28, followed by responding submissions by all parties on October 12. This would ensure procedural fairness, as all parties would be able to respond to the substantive proposals made by the other parties.

Yours truly,
