INTERIM DECISION AND ORDER

EB-2018-0266

ALECTRA ENERGY SERVICES INC.

Application for a Unit Sub-metering Licence

BY DELEGATION, BEFORE: Brian Hewson
Vice President
Consumer Protection & Industry Performance

September 27, 2018

INTERIM DECISION AND ORDER

Alectra Energy Services Inc. (Alectra) filed an application on September 5, 2018, with the Ontario Energy Board (OEB) pursuant to section 60 of the *Ontario Energy Board Act* (OEB Act), for a renewal of its unit sub-metering licence ES-2013-0285.

The licence was issued to the applicant on October 10, 2013 and is set to expire on October 9, 2018. The licence provides that the term may be extended by the OEB.

With its application, Alectra filed a letter requesting an extension to the term of the licence, pending the final determination of its renewal application. The applicant is currently providing unit sub-metering services.

Considering the time required to process an application in accordance with the OEB's established practice and procedures, and considering the applicant's need for a licence to continue its unit sub-metering activities, it has been found to be in the public interest to issue an order extending the term of the licence ES-2013-0285 until such time as the renewal application is determined on a final basis. This Decision & Order does not constitute a final decision on the application.

The applicant is reminded that it carries the onus of filing an application in a timely manner considering the OEB's typical timelines for processing licence applications.

IT IS ORDERED THAT:

The term of Alectra Energy Services Inc.'s licence ES-2013-0285 is extended until November 30, 2018, or until the final determination of the unit sub-metering licence application, whichever is earlier.

DATED at Toronto September 27, 2018

ONTARIO ENERGY BOARD
