

Exhibit 6: Revenue Deficiency/Sufficiency

1. EPCOR has provided evidence related to its utility income (Exhibit 3), rate base (Exhibit 2) and rate of return (Exhibit 5) as supported by determinations made by the Board in its Southern Bruce Expansion Decision. As these values are for an expansion project with no existing operations, the concept of a revenue deficiency / sufficiency for a test year is not applicable. As a result there is no necessity to provide supporting evidence.
