**Re: Planet Energy (Ontario) Corp. – Notice of Intention to Make an Order for Compliance and Payment of an Administrative Penalty – Cost Awards  
OEB File Number EB-2017-0007**

In the Decision and Order issued on September 20, 2018, the Ontario Energy Board (OEB) made provision for submissions on costs.

The Enforcement Team filed its cost submission on October 1, 2018, in which it claims \$72,252.34, including disbursements and HST. The OEB has reviewed the cost submission and has determined that additional information supporting the amount claimed is required. Such information may include, for example, legal invoices with dockets, but in any case must at a minimum provide a detailed breakdown of the costs and hours spent.

The Enforcement Team shall file the supporting information with the OEB (and copy Planet Energy) by **October 12, 2018**.

The deadline for Planet Energy's submission on costs is extended to **October 17, 2018**.

Yours truly,
