Ms. Kirsten Walli  
Board Secretary  
Ontario Energy Board  
Suite 2700, 2300 Yonge Street  
P.O. Box 2319  
Toronto, ON M4P 1E4

Dear Ms. Walli,

**EB-2017-0049 - Response to Procedural Order No. 9 dated September 26, 2018 (PO9)**

On September 26, 2018, the Ontario Energy Board (OEB) issued PO9, which stated that the OEB was “establishing a process for addressing the requirements of section 78(5.0.2) [of the Hydro One Accountability Act, 2018].” In that regard, the Board directed Hydro One to provide materials and evidence by October 12, 2018, namely:

- a submission from Hydro One setting out its proposal for adjusting its requested revenue requirement such that rates will be set in conformity with section 78(5.0.2). The OEB expects the Hydro One submission to include, at a minimum:
  - An explanation of the impact of section 78(5.0.2) on Hydro One’s distribution revenue requirement, having regard to the definitions of “compensation” and “executive” in the Hydro One Accountability Act, including all relevant calculations. The OEB expects Hydro One to reconcile this impact with the amounts excluded from executive compensation in Exhibit Q, filed by Hydro One on December 21, 2017, in response to the OEB’s Decision in Hydro One’s 2017-2018 Transmission revenue requirement proceeding.; and
  - Evidence that identifies the executive positions captured by the section and the total compensation for this group.

Hydro One has been preparing the materials but will not be in a position to file them with the Board by October 12. It therefore hereby requests an extension of time to file the materials to October 26, 2018.

Thank you for your consideration.

Sincerely,
