Dear Ms. Walli;

RE: ALECTRA UTILITIES – ANNUAL FILING UNDER BOARD-APPROVED CUSTOM INCENTIVE RATE SETTING (“CIR”) AND INCENTIVE REGULATION MECHANISM (“IRM”) EFFECTIVE JANUARY 1, 2019 (EB-2018-0016) — PROCEDURAL ORDER #3

On November 9, 2018, the Ontario Energy Board (“OEB”) issued Procedural Order (“PO”) #3 regarding Alectra Utilities’ electricity distribution rate application for rates and other charges effective January 1, 2019.

In the PO, the OEB bifurcated the Annual Filing and IRM-related adjustments and other matters.

In its application, at Exhibit 1, Tab 1, Schedule 1, page 15, lines 3-5, Alectra Utilities had requested that its EDR be set as interim, in the event that the final rate order was either not available or could not be implemented prior to January 1, 2019. Alectra Utilities is concerned that this may be the case regarding the 2019 EDR.

Consequently, Alectra Utilities reiterates its request that the EDR be declared interim effective January 1, 2019, as necessary, if the preceding approvals cannot be issued by the OEB in time to implement final rates effective January 1, 2019.

Yours truly,

Indy J. Butany-DeSouza, MBA
Vice President, Regulatory Affairs
Alectra Utilities Corporation
