Dear Ms. Walli:

**Re: Energy+ Inc. 2019 Cost of Service Application (EB-2018-0028)
Settlement Update and Request for January 1, 2019 Interim Rates**

Dear Ms Walli:

Pursuant to Procedural Order No. 5 in the above noted matter, if there is no settlement proposal arising from the Settlement Conference, Energy+ shall file a statement to that effect with the OEB by November 21, 2018, and the parties shall file and serve on the other parties by November 23, 2018 any submissions on which issues shall be heard in writing, and for which issues the OEB should hold an oral hearing.

Energy+ is writing to notify the Board that parties are continuing to diligently pursue a potential settlement of some or all of the issues in this proceeding. Energy+ is requesting a further extension of the times set out in paragraphs 13, and 15 by one week, such that:

- Notice of no settlement would be made on November 28, 2018 with parties making submissions on whether the remaining issues should be heard in writing or orally by November 30, 2018.
- Any potential settlement proposal would be filed on or before December 12, 2018.
- Staff submissions would still be due 7 days after any potential settlement proposal is filed.

The tentative date for Energy+ to present to the OEB any settlement proposal and a summary of any unsettled issues, currently set as December 14, 2018, to be set at the direction of the OEB.

Energy+ is also seeking a request for an interim rate order from the OEB to declare Energy+'s current rates as interim rates effective January 1, 2019. Energy+'s request is based on the current status of its 2019 Cost of Service Application and its assessment that it is likely that a decision on the Application may not be issued by January 1, 2019.

The parties that have actively participated in settlement discussions have consented to the submission of this letter.

Respectfully submitted,
