For the Category 1 information, the third parties whose information has been redacted are engaged in competitive business activities. The redacted information was limited to information explicitly identifying a customer or details identifying the customer's specific electricity usage, load profile, connection specifications and billing details, disclosure of which could reasonably be expected to prejudice significantly the competitive position of the customer.

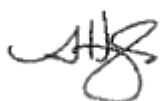

This represents Energy+'s reply to the Board Staff submissions with respect to the two additional items No. 11 and 12.

OEB Submission Item No.	Details	Reasons
11	Clarification TMMC-2	2019+EnergyPlus_Cost_Allocation_Model_No Standby_TMMC_4.xlsm Subject to any further submissions from TMMC, Energy+ agrees with Board Staff that the adjustment to load related to the application of a standby charge does not disclose TMMC's actual load.
12	Clarification TMMC-3	Load Details – Capacity of the load displacement generation facility Energy+ agrees with Board Staff that the key information in this response was the nameplate capacity of TMMC's generation facility and that TMMC has agreed that this information may be publicly disclosed.

Energy+ is prepared to provide unredacted copies of the documents listed as Items 11 and 12 to parties' counsel and experts or consultants provided that they have executed the Board's form of Declaration and Undertaking with respect to confidentiality and that they comply with the Practice Direction, subject to Energy+'s right to object to the Board's acceptance of a Declaration and Undertaking from any person.

Yours very truly,

Energy+ Inc.
