Re: Closure of the Record in the OEB's Combined Proceeding EB-2017-0182, EB-2017-0194 and EB-2017-0364

On November 9, 2018, the Ontario Energy Board (OEB) received the reply arguments of Hydro One Networks Inc. and Upper Canada Transmission Inc. Since that time, the OEB has received further correspondence from various parties relating to this proceeding.

The OEB writes to remind parties that the record is closed and the Panel is currently deliberating. All parties are asked not to file any further information relating to this proceeding without the prior approval of the OEB. In the unlikely event that a party seeks to file further information, it should first write to the OEB's Board Secretary asking for permission to file further information and explaining why such information is needed.

Yours truly,
