Ontario Energy Board

Submitted on Nov 26,2018

R E Q U E S T to OPT OUT from TIME OF USE

I participated in TIME OF USE for many years being probably among the first to apply,Now my husband Slobodan age 86 and myself Dobrila age 83 are not able to adjust our use nū more It puts in need to use electricity when it is the most expensive increasing our financial burden as well as time of use schedule loosing any purpose. We are not only old but old timers as well and know and participate in all possible means to save electricity not only for people of Ontario but for our own budget..

Please assist.

Sincerely
Slobodan VUJNOVIC
