I did climate change research for a project and I knew nothing about the OEB.

By coming to this meeting I can clarify the things that matter.

I feel better about consuming electricity and conserving energy. I'm a new Toronto hydro customer, but it was really important to make me be at the meeting I feel appreciated to be someone that was here. So all I can think about now is that I pay hydro and get it at home and that's great. Thank you.
