Attention: Kirsten Walli, Board Secretary

RE: The Corporation of the City of Kingston
Application to Renew Gas Marketer's Licence EB-2014-0051

As was the case in 1999 when the first application for the Gas Marketer's licence was made, the Corporation of the City of Kingston is a municipally owned gas distributor that provides only a default (non-contract) system gas commodity supply to its customers. The City owns and operates a natural gas distribution system for which the rates are fixed by the City of Kingston under the *Public Utilities Act*. The commodity pricing is unbundled and is adjusted quarterly to reflect the costs of providing system gas.

The current licence, GM-2014-0051 is valid until May 21, 2019. In keeping with its past practices, the City of Kingston as a gas distributor, is seeking renewal of its gas marketer licence and the continued exemption from relevant sections of the Natural Gas Reporting and Record Keeping Requirements and of the Code of Conduct for Gas Marketers that would otherwise conflict with the City's role as a municipally owned distributor providing default natural gas supply.

Attached please find the application to renew the municipality's Gas Marketer licence, and the required exemptions as identified in the attached list.

Please contact me at 613.546.1181 ext. 2317 or
rmurphy@utilitieskingston.com if you require any additional information.

Sincerely,

Randy Murphy
Chief Financial Officer
