Dear Ms. Walli:

**Re: Energy+ Inc. (“Energy+”) 2019 Cost of Service Application;
Board File No. EB-2018-0028; Technical Conference Interrogatories**

We are writing on behalf of Toyota Motor Manufacturing Canada Inc. and in accordance with Procedural Order No. 7 to file the interrogatories that TMMC intends to address at the technical conference on January 23, 2019.

TMMC intends to file updated evidence (“**Updated Evidence**”) by February 15, 2019 in accordance with Procedural Order No. 7. TMMC expects that the Updated Evidence will include a proposal for a TMMC-only customer rate class and full direct assignment of the costs of providing distribution service to TMMC. TMMC requires the information solicited from Energy+ in the enclosed interrogatories in order to complete its Updated Evidence. Accordingly, it would be appreciated if Energy+ were able to provide written responses to these interrogatories either prior to or at the beginning of the technical conference so that TMMC and other intervenors have an opportunity to put any follow-up questions of a technical nature to Energy+ during the technical conference.

Yours very truly,

Dentons Canada LLP
