Dear Ms. Walli:

**Re: Board File No. EB-2018-0028

Response to Technical Conference Questions  
Confidentiality Matters**

Dear Ms Walli:

As part of the Responses to the Technical Conference Questions for the above captioned Application, Energy+ Inc. ("**Energy+**") is filing redacted versions of the following documents on the public record:

<b>Technical Conference Question</b>	<b>Details</b>
TMMC TCQ 2	Load & Capital Contribution Details
STAFF TCQ 4	Load & Co-Generation Details
VECC TCQ 74	Load Details
VECC TCQ 75	Load Details
VECC TCQ 81	Load Details

Energy+ is filing the above documents in confidence pursuant to the Ontario Energy Board's (the "Board") Practice Direction on Confidential Filings (the "Practice Direction").

The information that is being filed in confidence is entirely consistent with the information the Ontario Energy Board previously ruled as confidential in its December 21, 2018 Decision on Confidentiality Requests.

Specifically, the third parties whose information has been redacted are engaged in competitive business activities. The information that has been redacted is consistently treated in a confidential manner. Disclosure of the third-party information in the documents listed above could reasonably be expected to prejudice the economic interest of, significantly prejudice the competitive position of, cause undue financial loss to, and be injurious to the financial interest of the applicable third party.

The Practice Direction recognizes that these are both among the factors that the Board will take into consideration when addressing the confidentiality of filings. They are also addressed in subsection 17(1) of the Freedom of Information and Protection of Privacy Act ("FIPPA"), and the

Practice Direction notes (at Appendix C of the Practice Direction) that third party information as described in subsection 17(1) of FIPPA is among the types of information previously assessed or maintained by the Board as confidential.

Energy+ is prepared to provide unredacted copies of the documents listed above to parties' counsel and experts or consultants provided that they have executed the Board's form of Declaration and Undertaking with respect to confidentiality and that they comply with the Practice Direction, subject to Energy+'s right to object to the Board's acceptance of a Declaration and Undertaking from any person.

In keeping with the requirements of the Practice Direction, Energy+ is filing two confidential unredacted versions of the documents listed above in hard copy only. The unredacted versions of the documents have been placed in a sealed envelope marked "Confidential". These documents are marked "Confidential", and Energy+ has identified the portions of the documents in respect of which confidentiality is claimed through the use of sidebars ("s") and printed on yellow paper. Energy+ requests that the unredacted documents be kept confidential.

Respectfully submitted,
