- 1.3 If the proposed recipient is not a licensed distributor or transmitter, is it a distributor or transmitter that is exempted from the requirement to hold a distribution or transmission licence?

☒ Yes
☐ No

The recipient is not a licensed distributor. While section 57 of *the OEB Act* ("*the Act*") requires a distributor to hold a licence, section 4.0.1(1)(b) of Ontario Regulation 161/99 provides an exemption to section 57 of *the Act* for a distribution system owned or operated by the distributor that is entirely located on land owned or leased by the distributor. As such, since the assets to be sold are entirely on land owned by the purchaser, Sturgeon Woods Campground and Marina, doing business as "Sturgeon Woods Trailer Park Ltd." would be exempted from section 57 of *the Act*.

PART II: DESCRIPTION OF ASSETS TO BE TRANSFERRED

- 2.1 Please provide a description of the assets that are the subject of the proposed transaction.

The asset sale consists of nine (9) overhead transformers as listed below:

1. 1 – 50kVA overhead transformer, in service date: 1970, Serial Number: K200360-28

9. 1 – 75kVA overhead transformer, in service date:2010, Serial Number:202042-710

- 2.2 Please indicate where the assets are located – whether in the applicant's service area or in the proposed recipient's service area (if applicable). Please include a map of the location.

The assets are located at 1129 Mersea Rd. in Mersea Township. This is completely within Hydro One's territory, but it is more efficient for the customer to own their own assets to operate moving forward.

See Attachment 1 – Map

- 2.3 Are the assets surplus to the applicant's needs?

☐ Yes
☒ No

If yes, please indicate why the assets are surplus and when they became surplus.

- 2.4 Are the assets useful to the proposed recipient or any other party in serving the public?

☒ Yes
☐ No

If yes, please indicate why.

The transformers are useful only to serve customers of Sturgeon Woods Trailer Park.

2.5 Please identify which utility's customers are currently served by the assets.

The assets currently serve a Hydro One customer.

2.6 Please identify which utility's customers will be served by the assets after the transaction and into the foreseeable future.

The assets will continue to serve the same Hydro One customer. After the sale, the assets will be owned by the customer instead of the utility, but Hydro One will continue to supply electricity to this customer.

PART III: DESCRIPTION OF THE PROPOSED TRANSACTION

3.1 Will the proposed transaction be a sale, lease or other?

- ☒ Sale
☐ Lease
☐ Other

If other, please specify.

3.2 Please attach the details of the consideration (e.g. cash, assets, shares) to be given and received by each of the parties to the proposed transaction.

This is a cash sale. The sale price is \$29,206.69 plus HST \$3,796.87 for a total sale price of \$33,003.56. The sale price covers the net book value of the assets.

3.3 Would the proposed transfer impact any other parties (e.g. joint users of poles) including any agreements with third parties?

- ☐ Yes
☒ No

If yes, please explain how.

3.4 Would the proposed transfer impact distribution or transmission rates of the applicant?

- (a) The line serving the park terminates at the customer's site. The transfer of ownership will have no effect on any other customers connected to the feeder. There will be no changes in the operation of the feeder, therefore no change in service to other customers or persons.
- (b) The letter is found in Attachment 2.

PART VI: OTHER INFORMATION

- 6.1 Please provide the Board with any other information that is relevant to the application. When providing this additional information, please have due regard to the Board's objectives in relation to electricity.

Dear Sturgeon Woods Trailer Park:

Re: Sturgeon Woods Trailer Park

This letter is to advise you of the progress that is being made regarding the sale of Hydro One assets in the Sturgeon Woods Trailer Park. Based on your response to our initial letter, you have elected to purchase all assets excluding meters.

Within the Sturgeon Woods Trailer Park there are 9 transformers and no other assets with a net book value of \$29,205.70.

Please sign below indicating your intention to purchase the assets as noted above, and return to us in the self addressed envelope. Upon receipt of the signed letter, we will proceed to obtain approval from the Ontario Energy Board. Obtaining Ontario Energy Board (OEB) approval could take 12 – 20 weeks.

After official approvals have been obtained, Sturgeon Woods Trailer Park will proceed with the installation of their own load break switch and bring the electrical system within the park up to the Electrical Safety Inspection standards, if required, as noted by the report completed by ESA. Hydro One will install a primary metering unit, to meter the park.

Sturgeon Woods Trailer Park agrees to purchase all assets now owned by Hydro One, within the boundaries of the Sturgeon Woods Trailer Park for a total price of \$29,205.70 plus HST, which will be invoiced after the OEB have granted their approval.

Re: Sturgeon Woods Trailer Park

It is our understanding that approval is required by the Ontario Energy Board (OEB) for the sale of assets by Hydro One. Sturgeon Woods Trailer Park fully supports Hydro One's actions with the Board to obtain approval of this minor transaction without a hearing.

We would like to expedite this process as ownership of the assets enables us to complete work on the campground.

Furthermore, no other party would be affected by this sale. Therefore, we would appreciate an approval of this transaction as soon as possible.

Thank you for your assistance in this matter.
