Dear Ms. Walli:

**EB-2018-0331: Applications for the disposition of Cap and Trade-related Deferral and Variance Accounts for the period 2016-2018**

**Re: Request for Extension by EPCOR Natural Gas Limited Partnership**

On January 18, 2019, the Ontario Energy Board (the “**OEB**”), through Procedural Order No. 2, granted the request of Union Gas Limited (“**Union**”) for an extension to file the supplemental evidence as directed by the Notice and Procedural Order No. 1 dated December 7, 2018 (collectively, the “**Materials**”) from January 31, 2019 to February 21, 2019. On January 22, 2019, the OEB also granted Enbridge Gas Inc’s (“**Enbridge**”) request for an extension to file the Materials by February 21, 2019.

EPCOR Natural Gas Limited Partnership (“**EPCOR**”) seeks the OEB’s indulgence for a similar extension to submit its Materials on or before February 21, 2019. EPCOR requires this additional time in order to properly gather and consolidate all relevant information for the Materials (some of which will not be available until after January 31, 2019), along with information from the time period during which EPCOR’s predecessor, Natural Resource Gas Limited (“**NRG**”), operated EPCOR’s natural gas distribution assets. EPCOR is not aware of any harm or prejudice that would result from this extension request, and EPCOR would greatly appreciate this indulgence.

Please do not hesitate to contact me if you have any questions.

Yours very truly,

Patrick G. Welsh
