**To: All Parties in EB-2018-0190
Wataynikaneyap Power GP Inc. on behalf of
Wataynikaneyap Power LP (WPLP)
Application for Leave to Construct Transmission Facilities**

On January 15, 2019, WPLP filed an update to its application to reflect minor amendments to its transmission line routing and to provide information about the recent addition of two new First Nations to the WPLP partnership structure.

The OEB agrees that the proposed routing realignments are minor in nature, given that they comprise lateral shifts in the routing for a small portion of the project, and there are no new impacted landowners. Therefore, the OEB does not intend to introduce any additional procedural steps. The current due dates for final submissions as stated in Procedural Order No. 2 remain unchanged.

Yours truly,
