Dear Ms. Walli,

**Re: 2019 IRM Rate Application EB-2018-0077**

West Coast Huron Energy Inc.'s Application and Evidence with respect to its 2019 IRM Application file EB-2018-0077 for a change to distribution rates based upon the Annual Incentive Rate-Setting Mechanism filing requirements was filed on October 15<sup>th</sup> 2018. Since this filing The Board approved the merger between ERTH Power and WCHE effective January 8<sup>th</sup> 2019. Resulting from this approval ERTH Power (EB-2018-0082) is submitting this letter with respect to this application to request that the application be transferred to the license of ERTH Power Corporation.

Further ERTH Power requests that the Board approve this application and resulting tariff sheet as ERTH Power Corporation Goderich Rate Zone.
