Dear Ms. Walli,

**Re: EB-2018-0305 Enbridge Gas Inc. Application for 2019 Rates Equinor Natural Gas LLC Intervenor Request Letter**

Equinor Natural Gas LLC (“Equinor”) applies for intervenor status in the EB-2018-0305 proceeding, the application by Enbridge Gas Inc. (“Enbridge”) to the Ontario Energy Board (“Board”) for an order or orders for approval of rates and other charges beginning January 1, 2019.

**Statement of Interest**

Equinor is a shipper on TransCanada’s Canadian Mainline (“TCPL”) and delivers from the TCPL Mainline to the Enbridge central delivery areas (“CDA”). Specifically, Equinor holds approximately 30% of the firm contracted transportation into the Enbridge CDA on TCPL. Equinor serves up to 30% of the demand load per day at Enbridge CDA via its sales directly to Enbridge as well as its other customers at the location. Equinor has a direct interest in the rate design and capital projects and in any decision made by the Board in that they may affect Equinor’s business and operations at and surrounding Enbridge CDA.

In participating in the proceeding, Equinor will focus its intervention on Enbridge’s rate design proposal and the costs of certain capital projects. Equinor does not intend to seek a cost award in this proceeding.
