Dear Ms. Hughes:

Re: Energy+ Inc. (Energy+)
2019 Cost of Service Application
OEB File Number EB-2018-0028

On February 15, 2019, the Ontario Energy Board (OEB) received updated written evidence of Jeffry Pollock (Updated Evidence) from Toyota Motor Manufacturing Canada Inc. (TMMC). The Updated Evidence proposes a cost-of-service study with two Large Use classes that could have an impact on the other Large Use customer.

Procedural Order No. 8 set dates, by orders 1 and 3, for Energy+ to notify its other Large Use customer of the TMMC Updated Evidence and the next steps in this proceeding.

The OEB would appreciate Energy+ providing an update on orders 1 and 3 as part of the information to be provided in responses to order 4 of Procedural Order No. 8.

Yours truly,
