No sooner does this amalgamation become finalized .. January 1st 2019 and this newly formed company is requesting a rate increase .. effective January 1st 2019?????

How .. as stated in a release dated

August 30th 2018 .. will this increase help to lower consumer energy costs????? The “paint is barely dry” ... and they want an increase????

I fail to understand how this amalgamation is going to protect the consumer when we have a virtual monopoly happening here.
