Ms. Kirsten Walli
Board Secretary
Ontario Energy Board
Suite 2700, 2300 Yonge Street
P.O. Box 2319
Toronto, ON M4P 1E4

Dear Ms. Walli:

Hydro One Networks Request for Leave to Sell Transformers to White Fish Lake Resort Ltd.

Hydro One Networks seeks the Boards approval under Section 86(1)(b) of the Ontario Energy Board Act ("the Act") for the sale of six transformers to White Fish Lake Resort Ltd. Given the proposed sale has no effect on any other party Hydro One asks the Board dispose of this proceeding without a hearing under Section 21(4)(b) of the Act.

An electronic copy of these questions has been filed through the Ontario Energy Board's Regulatory Electronic Submission System (RESS).

Should you have any questions on this application, please contact Pasquale Catalano direct at 416-345-5405 or via email at Pasquale.Catalano@HydroOne.com.

Sincerely,

ORIGINAL SIGNED BY JOANNE RICHARDSON

- 1.3 If the proposed recipient is not a licensed distributor or transmitter, is it a distributor or transmitter that is exempted from the requirement to hold a distribution or transmission licence?

☒ Yes
☐ No

The recipient is not a licensed distributor. While section 57 of the OEB Act (“the Act”) requires a distributor to hold a licence, section 4.0.1(1)(b) of Ontario Regulation 161/99 provides an exemption to section 57 of the Act for a distribution system owned or operated by the distributor that is entirely located on land owned or leased by the distributor. As such, since the asset to be sold is entirely on land owned by the recipient, White Fish Lake Resort Ltd. (“White Fish Lake Resort”) would be exempted from section 57 of the Act.

PART II: DESCRIPTION OF ASSETS TO BE TRANSFERRED

- 2.1 Please provide a description of the assets that are the subject of the proposed transaction.

There are six transformers to be sold. The details are below:

- **Two 25 kVA transformers, in-service date: 1986**
- **One 25 kVA transformer, in-service date: 1999**
- **One 25 kVA transformer, in-service date: 2002**
- **Two 50 kVA transformers, in-service date: 1999**

- 2.2 Please indicate where the assets are located – whether in the applicant’s service area or in the proposed recipient’s service area (if applicable). Please include a map of the location.

The transformers are located entirely within the grounds owned by the purchaser of the assets. (Please see Attachment 2 – Map)

- 2.3 Are the assets surplus to the applicant’s needs?

☐ Yes
☒ No

If yes, please indicate why the assets are surplus and when they became surplus.

- 2.4 Are the assets useful to the proposed recipient or any other party in serving the public?

☒ Yes
☐ No

If yes, please indicate why.

The assets are only utilized in servicing the customers within the White Fish Resort.

- 2.5 Please identify which utility’s customers are currently served by the assets.

The assets will be used in servicing the same customers they do today. The customers are Hydro One customers. Should the sale be approved, a primary metering unit will be installed whereby Hydro One charges the trailer park, and the trailer park will become responsible for billing its individual services to their customers.

2.6 Please identify which utility's customers will be served by the assets after the transaction and into the foreseeable future.

The asset will continue to serve the same Hydro One customer. After the sale, the asset will be owned by the customer instead of the utility, but Hydro One will continue to supply electricity to this customer.

PART III: DESCRIPTION OF THE PROPOSED TRANSACTION

3.1 Will the proposed transaction be a sale, lease or other?

- ☒ Sale
☐ Lease
☐ Other

If other, please specify.

3.2 Please attach the details of the consideration (e.g. cash, assets, shares) to be given and received by each of the parties to the proposed transaction.

This is a cash sale. The sale price is \$10,392.88 plus HST. The sale price represents the net book value of the asset.

3.3 Would the proposed transfer impact any other parties (e.g. joint users of poles) including any agreements with third parties?

- ☐ Yes
☒ No

If yes, please explain how.

3.4 Would the proposed transfer impact distribution or transmission rates of the applicant?

- ☐ Yes
☒ No

If yes, please explain how.

3.5 Will the transaction adversely affect the safety, reliability, quality of service, operational flexibility or economic efficiency of the applicant or the proposed recipient?

- ☐ Yes
☒ No

If yes, please explain how.

PART IV: WRITTEN CONSENT/JOINT AGREEMENT

- 4.1 Please provide the proposed recipient's written consent to the transfer of the assets by attaching:
- (a) a letter from the proposed recipient consenting to the transfer of the assets;
 - (b) a letter or proposed sale agreement jointly signed by the applicant and the proposed recipient agreeing to the transfer of the assets; or
 - (c) the proposed recipient's signature on the application.

(a) The letter is found in Attachment 1.

PART V: REQUEST FOR NO HEARING

- 5.1 Does the applicant request that the application be determined by the Board without a hearing? If yes, please provide:
- (a) an explanation as to how no person, other than the applicant or licence holder, will be adversely affected in a material way by the outcome of the proceeding; and
 - (b) the proposed recipient's written consent to dispose of the application without a hearing.

(a) The line serving the park terminates at the customer's site. The transfer of ownership will have no effect on any other customers connected to the feeder. There will be no changes in the operation of the feeder therefore no change in service to other customers or persons.

(b) The letter is found in Attachment 1.

PART VI: OTHER INFORMATION

- 6.1 Please provide the Board with any other information that is relevant to the application. When providing this additional information, please have due regard to the Board's objectives in relation to electricity.

PART VII: CERTIFICATION AND ACKNOWLEDGMENT STATEMENT

7.1 Certification and Acknowledgment

I certify that the information contained in this application and in the documents provided are true and accurate.

Re: White Fish Lake Resort LTD

It is our understanding that approval is required by the Ontario Energy Board (OEB) for the sale of assets by Hydro One. White Fish Lake Resort LTD fully supports Hydro One's actions with the Board to obtain approval of this minor transaction without a hearing.

We would like to expedite this process as ownership of the assets enables us to complete work on the campground.

Furthermore, no other party would be affected by this sale. Therefore, we would appreciate an approval of this transaction as soon as possible.

Thank you for your assistance in this matter.

Dear Charles Pronovost:

Re: White fish Lake Resort LTD

This letter is to advise you of the progress that is being made regarding the sale of Hydro One assets in the White fish Lake Resort LTD. Based on your response to our initial letter, you have elected to purchase all assets excluding meters.

Within the White fish Lake Resort LTD there are 6 transformers and no other equipment with a net book value of \$10392.88.

Please sign below indicating your intention to purchase the assets as noted above, and return to us in the self addressed envelope. Upon receipt of the signed letter, we will proceed to obtain approval from the Ontario Energy Board. Obtaining Ontario Energy Board (OEB) approval could take 12 – 20 weeks.

After official approvals have been obtained, White fish Lake Resort LTD will proceed with the installation of their own load break switch and bring the electrical system within the park up to the Electrical Safety Inspection standards, if required, as noted by the report completed by ESA. Hydro One will install a primary metering unit, to meter the park.

White fish Lake Resort LTD agrees to purchase all assets now owned by Hydro One, within the boundaries of the White fish Lake Resort LTD for a total price of \$10392.88 plus HST, which will be invoiced after the OEB have granted their approval.
