As part of the submission, Energy+ is filing a redacted version of "EnergyPlus Clarification Question 8" on the public record. The information that is being filed in confidence is entirely consistent with the information the Ontario Energy Board previously ruled as confidential in its December 21, 2018 Decision on Confidentiality Requests.

In keeping with the requirements of the Practice Direction, Energy+ is filing two confidential unredacted versions of the documents listed above in hard copy only. The unredacted versions of the documents have been placed in a sealed envelope marked "Confidential". These documents are marked "Confidential", and Energy+ has identified the portions of the documents in respect of which confidentiality is claimed through the use of sidebars ("F") and printed on yellow paper. Energy+ requests that the unredacted documents be kept confidential.

Respectfully submitted,
