**Re: Costs Submissions of the Métis Nation of Ontario for Participation in  
EWT-LSL Combined Hearing, EB-2017-0182, EB-2017-0194, EB-2017-0364**

---

We are counsel to the intervenor Métis Nation of Ontario (“MNO”) in the above-noted proceeding.

In the Ontario Energy Board’s (“OEB”) Procedural Order No. 1, issued on November 29, 2017, the OEB confirmed that the MNO is “eligible to apply for an award of costs under the OEB’s *Practice Direction on Cost Awards*.”

The Decision and Order for EB-2017-0182, EB-2017-0194, EB-2017-0364, issued on February 11, 2019, set out a process for the MNO to file its costs claims, requiring that it do so by February 25, 2019.

Section 5 of the OEB’s *Practice Direction on Costs Awards* (“OEB Practice Direction”) set out several criteria that the OEB will consider in determining a costs award, including that the intervenor:

- (a) participated reasonably in the process;
- (b) contributed to a better understanding by the Board of one or more of the issues in the process;
- (c) complied with the Board’s orders, rules, codes, guidelines, filing requirements and section 3.03.1 of this Practice Direction with respect to frequent intervenors, and any directions of the Board;
- (d) made reasonable efforts to combine its intervention with that of one or more similarly interested parties, and to co-operate with all other parties;
- (e) made reasonable efforts to ensure that its participation in the process, including its evidence, interrogatories and cross-examination, was not unduly repetitive and was focused on relevant and material issues;
- (f) engaged in any conduct that tended to lengthen the process unnecessarily; or
- (g) engaged in any conduct which the Board considers inappropriate or irresponsible.

Throughout this proceeding, the MNO participated responsibly, and in a manner that reflected the importance of this process to the MNO. As the MNO's legal counsel, we attended all technical conferences and hearing dates.

The MNO's submissions were directly relevant to Aboriginal consultation, specifically with regards to the Métis. At all times, the MNO complied with the OEB's timelines, including filing written evidence, a provisional compendium of documents for cross-examination, interrogatories, and final written submissions and adhering to the time limits set by the OEB for its cross-examinations. The MNO did not cross-examine all parties, but only those with information and/or expertise that the MNO deemed important and relevant to its participation and final written submissions.

The MNO was not able to combine its participation with that of others, since the MNO is uniquely situated. It could not, like some other Aboriginal communities, participate as part of a coalition. Similarly, the MNO's perspective and submissions, while there were some common elements with other Aboriginal intervenors, were unique and tailored to the circumstances of the MNO, as a Métis government representing two regional rights-bearing Métis communities with traditional territories that will be traversed by the East-West Tie Project, and were informed by the MNO's unique engagement and experience throughout the designation process, NextBridge's development of the East-West Tie Project, and Hydro One's development of the LSL Project.

The MNO engaged in no conduct that would unnecessarily lengthen the proceedings, nor did it engage in any inappropriate or irresponsible conduct.

Please note that we have included certain costs in the "Other Conferences" category that did not fit elsewhere but were critical to the MNO's participation. These costs include preparation for and attendance at the development costs hearing, reviewing correspondence received by the OEB after the hearing, as well as reviewing the Decision and Order, and debriefing our client on the Decision and Order. It is our opinion that costs are all necessary aspects of the MNO's participation in this proceeding.

Further, pursuant to section 7.03 of the OEB Practice Direction, an itemized receipt for photocopying disbursements cannot be provided as this is maintained internally, and receipts are not generated. For an itemized list of the photocopying charges, please see our internal ledger included as Tab 2 to this letter.

As such, on behalf of our client, we respectfully request the attached costs be awarded to the MNO by the OEB for its participation in the above-noted matter.

Yours sincerely,

A handwritten signature in black ink, appearing to read "J. Madden", with a stylized flourish at the end.
