Information Regarding the Stakeholder Meeting on the OEB's Activity and Program Based Benchmarking Initiative

On February 25, 2019, the Ontario Energy Board (OEB) issued for comment an [OEB Staff Discussion Paper: Activity and Program-based Benchmarking in the Electricity Distribution Sector](#) (Discussion Paper). This Discussion Paper is a key step in the process of developing and implementing APB as a tool for assessing the performance of electricity distributors.

To assist stakeholders in their consideration of comments on the Discussion Paper OEB staff indicated that a stakeholder meeting will be held on **Tuesday, March 5, 2019** on the Activity and Program Based Benchmarking (APB) initiative for electricity distributors. The meeting will be held at the OEB's office in Toronto starting at 10 am and ending at 1 pm in the North Hearing Room and will also be available through a webcast.

As a reminder, interested stakeholders who wish to participate would need to advise us about their intent to participate by sending an email to Veronica Mendes at Veronica.mendes@oeb.ca with the subject line “APB Stakeholder Meeting” by March 1, 2019. Please include the names of those planning to attend and the entity they represent, if appropriate, and whether participation will be in person or by teleconference/webcast.
