Hi Katherine,
Please find attached Hydro One's responses and updated IRM models.
With respect to the IRM models, please note that in that process of reviewing these we noticed that both the bill impacts (Appendices E, F, and G) and the tariff sheets (Appendices H, I, and J) do not pick up the new regulatory charges and RTSRs correctly; the attached files were adjusted to correct for this issue.
Regards,
Alex

Good morning Katherine,
Thank you for the sending us the updated models and the OEB Staff questions. My apologies for not getting back to you in-time to confirm that we did not require a teleconference yesterday.
At this time, we believe we have all the information we need to respond to the questions and we plan to send our responses by January 23 via email.

Regards,
Alex

Hi Linda,
Please find the attached OEB staff questions which require clarification regarding Hydro One's 2019 IRM application for Former Service Areas of Norfolk, Haldimand and Woodstock. Could you take a look at the questions and let me know whether or not a teleconference is needed to discuss?
If you feel you have all the information you need to respond, please send me your responses by email by January 23, 2019. There may be follow-up questions.
OEB staff has updated the following items in the IRM models (Appendices B, C and D). The updated IRM models are attached with this email for your review and updates on the proposed tariff schedules and bill impacts.

- Tab 11 – 2019 UTR rates
- Tab 17 – 2019 Regulatory Charges

Thanks.
