Letter to OEB.

I as an individual as well as a business owner in Scarborough am vehemently opposed to any increases for a service/product that is essence a monopoly.

We have just finished paying off the Hydro debt, an increase in taxes at the municipal level an increase at the pumps, increases at every turn.

I have but one wallet. In the summer when i and my business use no natural gas, none i am still charged a delivery fee. We can no longer afford these increases!

As opposed to an increase, change their mandate to one of non profit

No more increases!

Regards,
Vito Greto
