Re: OEB Staff Research Paper - Examination of Alternative Price Designs for the Recovery of Global Adjustment Costs from Class B Consumers in Ontario  
AMPCO Request for Eligibility for Costs  
Board File No. EB-2016-0201

Dear Ms. Walli:

I am writing pursuant to the Board's Notice regarding the above proceeding to request participant status and eligibility for cost awards related to the Stakeholder meeting on March 21, 2019 and written comments on the Staff Report to the Board.

#### **AMPCO's Interest**

AMPCO is a not-for-profit consumer interest advocacy organization. AMPCO's members represent Ontario's major industries: forestry, chemical, mining and minerals, steel, petroleum products, cement, automotive and manufacturing and business consumers in general. AMPCO members are major investors, major employers and a major part of communities in which we operate, across Ontario.

AMPCO's interest in the Board's regulation of the electricity sector relates generally to the interests of consumers with respect to price, adequacy, reliability and quality of electricity service, and, more particularly, to how costs are allocated to, and rates are designed to recover costs from, industrial customers.

AMPCO and its member companies are well known to the Board. AMPCO participates in many proceedings, working groups, consultations and initiatives of the Ontario Energy Board in which matters relevant to customers and Ontario's large electricity consumers are being addressed. AMPCO has previously been approved by the Board as eligible for cost awards.

We respectfully request that the Board please confirm AMPCO's eligibility for an award of costs in this matter.
