Dear Ms. Walli:

**Re: EB-2019-0002 – Independent Electricity System Operator  
Submissions on Draft Issues List**

---

VECC supports and endorses the submissions of AMPCO, Energy Probe and BOMA that the final issues list should include reference to the Market Renewal Program.

While VECC supports the inclusion of issue 5.1: *"Is the IESO's 2019 Regulatory Scorecard appropriate"*, we believe the issue should be broadened slightly. The ultimate purpose of any scorecard is as feedback to the regulated entity. As such we think issue 5.1 is more appropriately worded as: *Is the IESO 2019 Regulatory Scorecard appropriate and does the proposed fees budget adequately address its results?"*

These are our respectful submissions.

Yours truly,

Mark Garner,  
Consultant for VECC
