[REDACTED]

-- Company --

-- Address --  
[REDACTED]

-- Comments --

The Enbridge request to increase residential rates to cover their costs relating to the federal law should not be allowed, since the purpose and intent of the federal law is to get this and other providers to improve \*their\* energy efficiency and reduce \*their\* pollution. Allowing them to pass on their costs removes their incentive to act quickly and is contrary to the purpose of a duly-Assented federal law, which therefore seems to me to be an improper action for the Board to take. Thank you.
