Dear Mr. Bishop:

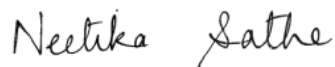

Re: Alectra Utilities Corporation Regulated Price Plan (“RPP”) Pilot Interim Report

Please find attached Alectra Utilities Corporation’s (“Alectra Utilities”) Interim Report (the “Report”) for its RPP pilot to the Ontario Energy Board (“OEB” or the “Board”).

The Report was developed in collaboration with BEworks and with support from Alectra Utilities’ other project partners, and provides the results of the project through the end of the Summer 2018 RPP season. It is submitted in compliance with our April 24, 2018 agreement for delivery of this RPP Roadmap pilot project. The Report was initially submitted to the Board in early January, 2019 and has been reviewed extensively by OEB staff; their comments have been incorporated into this final version.

Alectra Utilities looks forward to continuing to work with you and OEB staff to continue to deliver value to customers through this project and to providing further insight to inform the revision of the Regulated Price Plan.

Yours Truly,

Vice-President, Advanced Planning
Alectra Inc.
