Ms. Kirsten Walli
Board Secretary
Ontario Energy Board
P.O. Box 2319
2300 Yonge Street, 27th Floor
Toronto, ON
M4P 1E4

Dear Ms. Walli:

**Re: Kingston Hydro Corporation ED-2003-0057
Energy Retailer Service Charges
Board File No.: EB-2015-0304**

In accordance with the Report of the Ontario Energy Board: Energy Retailer Services Charges issued on November 29, 2018 and the subsequent Decision and Order issued on February 14, 2019, Kingston Hydro is advising the Ontario Energy Board (OEB) of its intention to opt out of applying the switch letter charge to energy retailers at this time.

In its decision, Kingston Hydro considered the associated costs of implementing and maintaining this charge, and found that the costs outweigh the associated revenues from this activity at this time. Kingston Hydro will notify the OEB when filing an incentive rate-setting or cost based application should it decide to commence applying the charge in the future.
