Dear Ms. Walli:

**Re: EB-2018-0263: Leave-to-Construct Application by EPCOR Natural Gas Limited Partnership**

**Re: Letter of Comment of EPCOR re Intervenor Requests**

EPCOR Natural Gas Limited Partnership (“**EPCOR**”) is in receipt of, and has no objections to, the intervenor requests of Enbridge Gas Inc., the Southern Bruce Municipalities (as defined in the Borden Ladner Gervais letter of April 12, 2019), the Municipality of Brockton, and Anwaatin Inc.

EPCOR is also in receipt of the late intervention request of the Industrial Gas Users Association (“**IGUA**”) dated April 16, 2019. While EPCOR does not object to IGUA’s participation in the above proceeding, EPCOR is concerned with IGUA’s proposed scope of intended participation, particularly regarding IGUA’s reference to “the appropriate allocation of costs associated with natural gas system expansions and reinforcements in general, and the appropriate framework for facilitating economic gas system expansions to heretofore unserved communities in particular.”

EPCOR is concerned that IGUA’s participation will focus on issues that have been addressed or will be addressed by the Ontario Energy Board (the “**OEB**”) in other proceedings. In granting intervenor status to all proposed intervenors (including IGUA), EPCOR respectfully requests that the OEB set conditions on the scope of intervenor participation limited to the issues before the OEB directly relevant to EPCOR’s leave-to-construct application.

Please do not hesitate to contact me if you have any questions.

Yours very truly,
