

ENBRIDGE GAS INC.

Answer to Interrogatory from  
HVAC Coalition ("HVAC")

Interrogatory

[B/1/1, Attach. 3, p. 43]

For each of the last three years, please provide the number of Billers who were in default under Section 8.6(d) of the Prior Agreement. For the same period, please provide the number of Billers who would have been default under Section 8.7(e) of the 2019 Agreement, if it had been in effect during those three years. Please confirm that all of the Billers in both cases would have been in the bottom quartile of Billers by number of charges on bills.

Response

In the last three years one Biller was issued a notice of default pursuant to Section 8.6(d) of the Prior Agreement.

In the last three years, under the 2019 agreement, at least two Billers would have been in default pursuant to Section 8.7(e). Ranked by number of charges on bills, each of these Billers would have been in the third quartile.
