

Enbridge Gas Inc.

2019 Federal Carbon Pricing Program Application

PROCEDURAL ORDER NO. 3

April 30, 2019

In August 2018, the Ontario Energy Board (OEB) approved the amalgamation of Enbridge Gas Distribution Inc. and Union Gas Limited. The companies have amalgamated to form Enbridge Gas Inc. (Enbridge Gas) effective January 1, 2019.

Enbridge Gas has applied to the Ontario Energy Board (OEB) for approval under section 36(1) of the *Ontario Energy Board Act, 1998* to increase rates to recover costs associated with meeting its obligations under the federal *Greenhouse Gas Pollution Pricing Act* (GGPPA).

The OEB issued a Notice of Hearing on February 13, 2019. Procedural Order No. 1 was issued on April 1, 2019, granting intervenor status and cost eligibility.

The OEB issued Procedural Order No. 2 on April 2, 2019, which determined the limited scope of the proceeding, along with the filing dates for interrogatories and submissions.

By letter dated April 28, 2019, the Vulnerable Energy Consumers Coalition (VECC) requested late intervention status and cost eligibility. The OEB will accept VECC as a late intervenor. The OEB also finds VECC eligible for an award of costs under the OEB's *Practice Direction on Cost Awards*. Being eligible to apply for recovery of costs is not a guarantee of recovery of any costs claimed. Cost awards are typically made by way of OEB order at the end of a hearing.

No objection to the intervention request was received from Enbridge Gas.

The OEB notes that VECC will accept the record as it currently stands.

The list of intervenors has been amended to include VECC and is attached as Schedule A.

It is necessary to make provision for the following matters related to this proceeding. The OEB may issue further procedural orders from time to time.

IT IS THEREFORE ORDERED THAT:

1. VECC is approved as an intervenor and eligible to apply for an award of costs under the OEB's *Practice Direction on Cost Awards*. VECC must accept the record as it currently stands.

All filings to the OEB must quote the file number, EB-2018-0205 and be made electronically in searchable/unrestricted PDF format through the OEB's web portal at <https://pes.ontarioenergyboard.ca/eservice/>. Two paper copies must also be filed at the OEB's address provided below. Filings must clearly state the sender's name, postal address and telephone number, fax number and e-mail address. Parties must use the document naming conventions and document submission standards outlined in the RESS Document Guideline found at <http://www.oeb.ca/Industry>. If the web portal is not available parties may email their documents to the address below. Those who do not have internet access are required to submit all filings on a USB memory stick in PDF format, along with two paper copies. Those who do not have computer access are required to file 7 paper copies.

All communications should be directed to the attention of the Board Secretary at the address below, and be received no later than 4:45 p.m. on the required date.

With respect to distribution lists for all electronic correspondence and materials related to this proceeding, parties must include the Case Manager, Michael Bell at Michael.Bell@oeb.ca and OEB Counsel, Lawren Murray at Lawren.Murray@oeb.ca.
