Dear Ms. Walli:

EB-2019-0101: 2019 Federal Carbon Pricing Program Application

Re: Intervenor Request Letter of BOMA

EPCOR Natural Gas Limited Partnership (“ENGLP”) has received the intervenor request letter of the Building Owners and Managers Association, Greater Toronto (“BOMA”) dated April 29, 2019. ENGLP does not object to BOMA receiving intervenor status in the above proceeding.

ENGLP notes that BOMA has also intervened in Enbridge Gas Inc’s (“EGI”) 2019 Federal Carbon Pricing Program Application proceeding (EB-2018-0205). Considering the substantially similar issues between ENGLP’s and EGI’s Applications, ENGLP expects that BOMA will make best efforts to participate responsibly in this proceeding by avoiding duplication where possible and by applying an appropriate degree of proportionality to its intervention in this Application.

ENGLP will review any cost claim by BOMA and reserves all rights to object to any aspect of any cost claim that may be inconsistent with the Ontario Energy Board’s *Practice Direction on Cost Awards*.

Please do not hesitate to contact the undersigned if you have any questions.

Yours very truly,

Patrick G. Welsh
