**DECISION AND ORDER**

Romney Energy Centre Limited Partnership (Romney LP) filed an application on February 7, 2019 under section 60 of the *Ontario Energy Board Act, 1998* (OEB Act) for an electricity generation licence.

Romney LP was formed in April 2015 to own and operate a 60 MW wind generation facility, known as Romney Wind Energy Centre. The facility will be operating under a Large Renewable Procurement (LRP 1) contract with the Independent Electricity System Operator.

This Decision and Order is being issued by the Delegated Authority, pursuant to Section 6 of the OEB Act. The Delegated Authority has considered the application without holding a hearing pursuant to section 6(4) of the OEB Act.

After considering the application and assessing technical capability and financial viability of the applicant, the OEB finds that it is in the public interest to grant the application and issue the electricity generation licence to Romney Energy Centre Limited Partnership.

**IT IS ORDERED THAT:**

1. The application is granted, on such conditions as are contained in the attached licence.
